

UNICOAT STUCCO SYSTEMS

Announcing the 10-Year Warranty Stucco System from Unicoat!!

Get the ease of purchasing all of your stucco products from one place and offer the project owner the benefits of a 10-Year Manufacturer's Warranty. This is the best way to differentiate your offerings from those of other companies that give the "taillight" warranty! Most stucco manufacturers offer no type of warranty for their hardcoat materials, but Unicoat stands behind its products and its applicators by giving this fantastic opportunity to you and your customers. Purchase the Unicoat Basecoat and the Unicoat Max Elastomeric Finish to go on top, and you get the only stucco system that offers a 10-Year Warranty. Don't get left behind by using the other products that just don't stack up. Get your Unicoat Certificate and increase your bottom line **TODAY!**

The Unicoat Stucco System Warranty and its necessary products are offered exclusively through Jones Hartz Lime Co., Inc. Contact your local store for more information and to obtain your Unicoat Certification.
